LONDON, *March* 26.

THE Lords of the admiralty have appointed Captain Douglass to be Captain of the Berwick man of war, a ship of 70 guns.

Likewise appointed Captain Stanhope, to be commander of the Fougeux, a French man of war, lately taken by sir Peter Warren, of 60 guns.

And also Capt. John Montague, Member of parliament for Huntingdon, to be commander of the Greenwich of 60 guns.

We hear that the king of Great Brittain, the king of Prussia, and the Czarina, are to be sponsors to the count de Buren, son to the prince of Orange.

The right honourable the lords of the admiralty, have appointed Robert Michell, Esq; member of parliament for Westbury in the county of Wilts, to be a rear admiral of Great Britain. And

Capt. Townshend to be a commodore; and to command the ships and vessels, &c. at Flushing in the room of admiral Michell.

The freshest Advices from Paris say, that among the new Duties imposed, they reckon the following, viz. a Penny in the Pound upon Tallow, Two Pence in the pound on Hair Powder, Two pence in the Pound on unwrought Wax, Two pence a Pound more upon white Wax, Eighteen pence a Ream upon all Writing Paper, and in Proportion upon all other Papers; upon which the Parliament have made Remonstrances, and received from the King the following Answer: *It is always with Regret that I resolve to load my People with new Impositions; but as Necessity obliges me to it, in order to obtain for them the Benefits of Peace, it is my Will and Pleasure that my Parliament proceed instantly to register the Edict, and two Declarations that I have sent them. My Chancellor will explain to you what Alleviations I am inclined to make.*

WILLIAMSBURG, June 9.

On Saturday last, his Majesty's Ship Hector, Capt. Masterman, arriv'd in Hampton Road, from England. There came under his Convoy, 21 Sail of Merchant-men, bound for Virginia and Maryland, who sail'd from Spithead the 2d of April; about 8 of which, (most of 'em small) are to load in Virginia, the rest in Maryland. They are all safe arriv'd, except a small Brig. bound for York, which is hourly expected. We hear that those Ships which are charter'd, in this Fleet, are at 15l. Sterling per Ton, and Two Thirds of the Port Charges; and some at 16l. Sterling per Ton; occasioned by the Scarcity of Shipping in England. We are credibly informed, that the Ships which expect the Benefit of Convoy home, must get ready to sail in 90 Days from the Arrival of the Hector.

'*A pamphlet hath been twice publiſhed within this twelvemonth, called*, A Preſent for an Apprentice; *which on account of its unpromiſing title, I don't queſtion but many others as well as myſelf, have overlooked. Seemingly calculated for low and unexperienced life, it excited no curioſity in thoſe above that level. 'Twas therefore, with not a little ſurpriſe, that, on dipping into it, I found ſuch a ſyſtem of morality and œconomy, as perſons of all ranks might improve by, delivered in ſuch a ſtile, as the moſt accompliſhed reader, might be delighted with: in ſhort, a work, which if univerſally known, would be an univerſal good, as containing all the requiſites, to render mankind honeſt, wiſe, ſociable and virtuous.*'
